## Topics Discussed:

We began discussing about last week task assigned. We learnt the topics we didn't understand well and decided to make researches about them, what more we can add to make the app more flexible.

Then we discussed about the assignment we have for this week, which is use case scenarios.

## Decisions Made:

- Uploading the second part of the requirements specification.
- Continue working on the parts that we want to make better.
- Update of some parts in the requirement specification.
- Divide the tasks each one will do regarding use case scenarios.
- Make a Logo for our application.

## Tasks Assigned:

- Everyone will start working on use case scenarios.
- We will also improve parts of the requirement specification.
- Make the logo for our software application.
- Start working for the database.

**Time, Place, and Agenda for Next Meeting:**
