Topics Discussed:

Most of the discussion was about the revision of the final document. We also talked about the submission of the midterm assignment.

Decisions Made:

This week we had a lot of work to do. Since we would submit the midterm assignment we reviewed the diagrams and the requirement specification. We prepared the drafts to be sent to the professor for grading. We made appropriate changes to the diagrams and took upon new duties.

Tasks Assigned:

Since we already did the drafts for the construction diagrams everyone will continue to work with their own diagrams to improve them.

We also will continue working with the database.
